Dear Theresa,

This letter is in regards to the 10/31/13 compliance check of your Category B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

☐ 110.5(1) Conditions in the home are safe, sanitary, and free of hazards. (You need to apply to add daughter Q'unique to your household and have appropriate background checks conducted. I have included a change application with this mailing that can be used.)

☐ 110.5(1)b All medicines and poisonous, toxic, or otherwise unsafe materials are secured from access by a child. (You need to install child safety locks on your lower kitchen cabinet or move your cleaning supplies out of reach of children.)

☐ 110.5(1)e All electrical cords are properly used. This means not found under rugs, over hooks, through door openings, etc. (You need to remove the loose cable running along the hallway on the second floor if continuing to use the second floor for childcare.)

☐ 110.5(1)m Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor. (You need to obtain a 2A 10BC fire extinguisher for your main level and one for your upper level if you continue to use the second floor.)

110.5(2) A provider file is maintained and contains:

☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. (You need to obtain some current copies of physician signed statements of health for some of your household members to be kept on file. These need to be renewed every two years.)

**110.9(1) SPECIFIC REQUIREMENTS FOR CHILD DEVELOPMENT HOME
CATEGORY "B"**

☐ 110.9(3) Facility requirements

☐ 110.9(3)c If the second story or basement are used for childcare, other than the use of a restroom, there is, in addition to one inside stairway, at least one direct exit to the outside. (You need to stop using the second story for childcare or need to re-apply as a Category A provider. I have included a change application with this mailing that can be used if you choose to re-apply as a Category A provider.)

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations on or before 12/23/13.**

☒ Based on the items out of compliance listed above, a re-check or follow-up visit to your home is not necessary. However, it is essential you come into complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.**

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.

Please sign and date below, and return this form in the provided envelope by: 12/23/13.
